## SUMMARY

---

Enthusiastic front-end developer with internship and training experience. Possesses a passion for building interactive, user-friendly, and aesthetically pleasing web applications. Proven experience in UI/UX design, website workflows, and slicing designs into code. Highly motivated to pursue a React web development course to enhance skills and become a professional web developer.

## EDUCATION

---

**Bachelor of Computer Science**, Universitas Bina Sarana Informatika (2019 - 2023)

Department of Information Technology – GPA: 3.94

**Relevant Coursework:** Web Development (HTML, CSS, JavaScript, PHP, and MySQL), Mobile Development (Flutter), Data Structures and Algorithms.

**MSIB Program Batch 3**, StartUp Campus (August 2022 – December 2022)

UI/UX Design – Score: A

**Curriculum:** Introduction to UI/UX Design, Customer Discovery, Product Design, Testing, Career Preparation

**Achievements:** Led team in Final Project, creating an e-commerce website to assist young people with thrifting using Figma, applying UI/UX principles, Design thinking method, enhancing research, analysis, and prototyping skills, while expanding professional networks. Team placed in the top 5 with a score of 89.6.

**Digital Talent Scholarship Program (Fresh Graduate Academy)**, Progate (May 2024 – July 2024)

Mobile App Development With React Native

**Learning Materials:** HTML & CSS, JavaScript, GIT, React, TypeScript, and React Native

**Achievements:** Successfully completed the program and learned the fundamentals of mobile app development with React Native and built simple mobile apps such as To-Do List App, Note App, and Weather App.

## TECHNICAL SKILLS

---

**Languages:** JavaScript

**Web Technologies:** HTML5, CSS3, React.Js, Node.Js

**Tools:** GIT

## EXPERIENCE

---

**Badan Kepegawaian Negara (BKN) – Jakarta, Indonesia**

**Internship** - Front-End Developer and Web Design (September 2022 – December 2022)

- Crafted website designs using Figma, ensuring a visually appealing and user-friendly interface.
- Meticulously planned website workflows and business processes to optimize user experience and streamline operations.
- Expertly translated Figma designs into functional web pages using React.js and Node.Js, bridging the gap between design and development.
- Collaborated effectively with back-end developers to ensure seamless integration and a cohesive user experience.

## PROJECT

---

**Movie Mobile App** | [Github](#)

Developed a cross-platform movie app using React Native, TypeScript, and Expo, providing users with a comprehensive movie browsing and management experience. Leveraged a movie API to fetch and display up-to-date movie information. With key feature extensive movie database, favorite movie management, and Search Functionality.

## CERTIFICATION & ADDITIONAL SKILLS

---

- BNSP Program Analyst Certificate Competence (2023)
- Progate Mobile Development React Native (2024)
- Toefl Prediction Lembaga Bahasa BSI (Toefl ITP score: 540) and native in Bahasa Indonesia
